## HUERTA IN CUSTODY BY OFFICIAL ORDER

Washington, June 27.—With the detention of Gens. Huerta and Orozco by United States authorities at El Paso today it became known here that all the powers of this Government will be exerted to keep Huerta out of Mexico.

Information regarding Huerta's plans, stating that it had secret agents of its own taking part in the conferences at New York and San Antonio, in which the plans for the expedition were formulated. Information in possession of officials here indicates that Huerta and his asso-ciates were planning an excedition across the border at El Paso or vicinity with the purpose of leading a new revo-lution in Mexico.
